

Trees 'n' Grass

sold separately

Follow the general instruction sheet for placement techniques. When ready to apply the graphics to your surface, do so in the order designated by the numbers.

Tree

It comes in pieces, to make handling and customization easier, numbered on the back, in the order for which to apply them.

When combining with grass, decide if you want the grass in front or behind the tree.

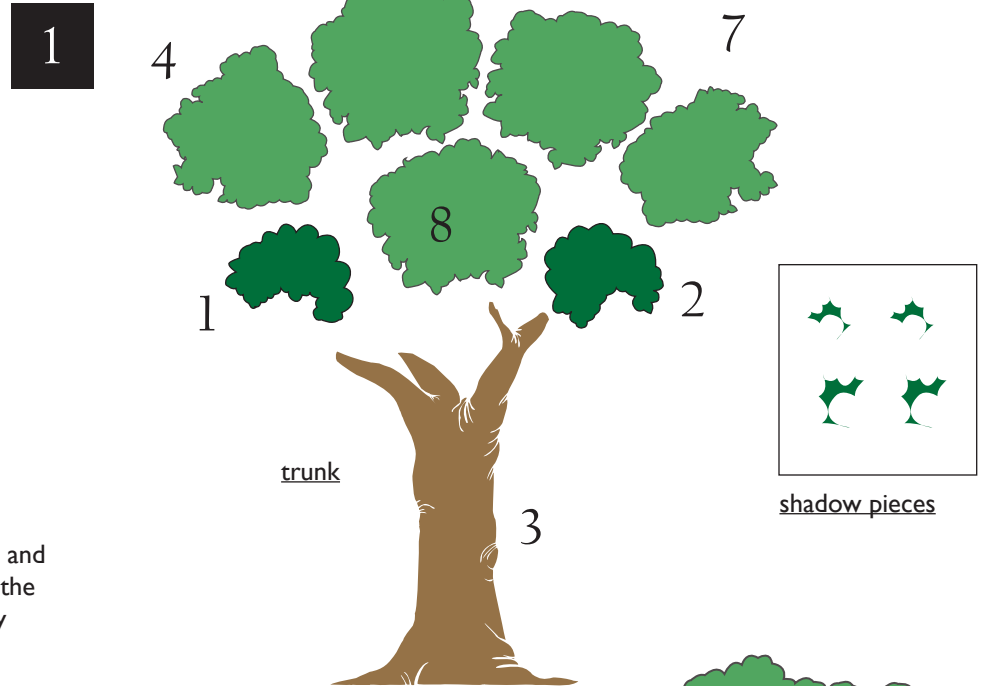

Grass

It comes in 48" strips, that can be further cut down for ease of placement.

Design Tip!

Combine colors of grass to create depth.

foliage pieces

2

This is how the pieces overlap. Use this picture, tape and spacer dots to aid in placement.
